Welcome

We are pleased to offer you a comprehensive benefits package intended to protect your well-being and financial health. This guide is your opportunity to learn more about all of the benefits that are now available to you and your eligible dependents beginning July 1, 2022.

To get the best value from your health care plan, please take the time to evaluate your coverage options and determine which plans best meet your health care and financial needs. By being a wise consumer, you can support your health and maximize your health care dollars.

Each year during Open Enrollment, you have the opportunity to make changes to your benefit plans. The enrollment decisions you make this year will remain in effect through June 30, 2023. You may make changes to your benefit elections only when you have a Qualifying Life Event. After such an event, you can make changes to your health care coverage within 30 days; otherwise, you cannot make changes to your benefits coverage until the next Open Enrollment period.

Availability of Summary Health Information

Our Employee Benefits Program offers one health coverage option. To help you make an informed choice and compare your options, a Summary of Benefits and Coverage (SBC) is available, which summarizes important information about your health coverage option in a standard format.

If you (and/or your dependents) have Medicare or will become eligible for Medicare in the next 12 months, a federal law gives you more choices about your prescription drug coverage. Please see page 21 for more details.

Eligibility

You are eligible for benefits if you are a regular, full-time employee working an average of 30 hours per week. Your coverage is effective 1st of the month following 60 days. You may also enroll eligible dependents for benefits coverage. The cost to you for dependent coverage will vary depending on the number of dependents you enroll in the plan and the particular plans you choose. When covering dependents, you must select the same plans for your dependents as you select for yourself.

Eligible Dependents include:

- Your legal spouse or domestic partner
- Children under the age of 26, regardless of student status, dependency or marital status
- Children who are fully dependent on you for support due to a mental or physical disability and who are indicated as such on your federal tax return; coverage may continue past age 26

Qualifying Life Events

Once you elect your benefit options, they will remain in effect for the entire plan year until the following Open Enrollment. You may only change coverage during the plan year if you have a Qualifying Life Event, and you must do so within 30 days of the event.

Qualifying Life Events include:

- Marriage, divorce, legal separation or annulment
- Birth, adoption or placement for adoption of an eligible child
- Death of a spouse or child
- Change in your spouse's employment that affects benefits eligibility
- Change in your child's eligibility for benefits (reaching the age limit)
- Change in residence that affects your eligibility for coverage
- Significant change in coverage or cost in your, your spouse's or child's benefit plans
- FMLA leave, COBRA event, Court Judgment or Decree
- Becoming eligible for Medicare or Medicaid
- Receiving a Qualified Medical Child Support Order

If you have a Qualifying Life Event and want to request a mid-year change, you must notify Human Resources and complete your election changes within 30 days following the event. Be prepared to provide documentation to support the Qualifying Life Event.

Medical Coverage: Humana

Luna Data Solutions offers three medical plans provided by Humana. The NPOS allow access to both in-network and out-of-network providers, but you will get better discounts and pay less money by remaining in-network. All out-of-network services are subject to Reasonable and Customary (R&C) limitations and you are responsible for all charges over this allowance.

National Point of Service Open Access (NPOS)

The NPOS option offers the freedom to see any provider when you need care. When you use providers from within the Humana NPOS network, you receive benefits at the discounted network cost. If you use non-NPOS providers, you will pay more for services.

High Deductible Health Plan (HDHP)

The HDHP plan allows you to see any in-network Humana provider or specialist. Preventive care is fully covered in-network. When you use in-network providers, you receive benefits at a discounted network cost. If you use an out-of-network provider, you will be responsible for all costs. Once your deductible and/or out-of-pocket maximum is met, the plan pays 100%.

Where to go for Care

When you need medical attention, you should go to your primary care doctor whenever you can. Your doctor knows you best and has quick access to your medical records. However, there are times when you might need to go to a facility other than your doctor's office. This list shows examples of various care providers and the services they generally provide. The cost of medical care can vary widely. Your cost depends on where and how you receive care. Knowing the facts can help you manage your health and your health care dollars.

Required Notices

Women's Health and Cancer Rights Act of 1998

In October 1998, Congress enacted the Women's Health and Cancer Rights Act of 1998. This notice explains some important provisions of the Act. Please review this information carefully.

As specified in the Women's Health and Cancer Rights Act, a plan participant or beneficiary who elects breast reconstruction in connection with a mastectomy is also entitled to the following benefits:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

Health plans must determine the manner of coverage in consultation with the attending physician and the patient. Coverage for breast reconstruction and related services may be subject to deductibles and coinsurance amounts that are consistent with those that apply to other benefits under the plan.

Special Enrollment Rights

This notice is being provided to ensure that you understand your right to apply for group health insurance coverage. You should read this notice even if you plan to waive coverage at this time.

Loss of Other Coverage or Becoming Eligible for Medicaid or a state Children's Health Insurance Program (CHIP)

If you are declining coverage for yourself or your dependents because of other health insurance or group health plan coverage, you may be able to later enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must enroll within 31 days after your or your dependents' other coverage ends (or after the employer that sponsors that coverage stops contributing toward the other coverage).

If you or your dependents lose eligibility under a Medicaid plan or CHIP, or if you or your dependents become eligible for a subsidy under Medicaid or CHIP, you may be able to enroll yourself and your dependents in this plan. You must provide notification within 60 days after you or your dependent is terminated from, or determined to be eligible for such assistance.

Marriage, Birth or Adoption

If you have a new dependent as a result of a marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must enroll within 31 days after the marriage, birth, or placement for adoption.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Luna Data Solutions and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to enroll in a Medicare drug plan. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

If neither you nor any of your covered dependents are eligible for or have Medicare, this notice does not apply to you or the dependents, as the case may be. However, you should still keep a copy of this notice in the event you or a dependent should qualify for coverage under Medicare in the future. Please note, however, that later notices might supersede this notice.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage through a Medicare Prescription Drug Plan or a Medicare Advantage Plan that offers prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Luna Data Solutions has determined that the prescription drug coverage offered by the Luna Data Solutions medical plan is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage pays and is considered Creditable Coverage.

Because your existing coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to enroll in a Medicare prescription drug plan, as long as you later enroll within specific time periods.

You can enroll in a Medicare prescription drug plan when you first become eligible for Medicare. If you decide to wait to enroll in a

Medicare prescription drug plan, you may enroll later, during Medicare Part D's annual enrollment period, which runs each year from October 15 through December 7 but as a general rule, if you delay your enrollment in Medicare Part D, after first becoming eligible to enroll, you may have to pay a higher premium (a penalty).

You should compare your current coverage, including which drugs are covered at what cost, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area. See the Plan's summary plan description for a summary of the Plan's prescription drug coverage. If you don't have a copy, you can get one by contacting Luna Data Solutions at the phone number or address listed at the end of this section.

If you choose to enroll in a Medicare prescription drug plan and cancel your current Luna Data Solutions prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back. To regain coverage, you would have to re-enroll in the Plan, pursuant to the Plan's eligibility and enrollment rules. You should review the Plan's summary plan description to determine if and when you are allowed to add coverage.

If you cancel or lose your current coverage and do not have prescription drug coverage for 63 days or longer prior to enrolling in the Medicare prescription drug coverage, your monthly premium will be at least 1% per month greater for every month that you did not have coverage for as long as you have Medicare prescription drug coverage. For example, if nineteen months lapse without coverage, your premium will always be at least 19% higher than it would have been without the lapse in coverage.

For more information about this notice or your current prescription drug coverage:

Contact the Human Resources Department at 512-828.7906.

NOTE: You will receive this notice annually and at other times in the future, such as before the next period you can enroll in Medicare prescription drug coverage and if this coverage changes. You may also request a copy.

For more information about your options under Medicare prescription drug coverage:

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans. For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov.
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help.
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. Information about this extra help is available from the Social Security Administration (SSA) online at www.socialsecurity.gov, or you can call them at 800-772-1213. TTY users should call 800-325-0778.

Remember: Keep this Creditable Coverage notice. If you enroll in one of the new plans approved by Medicare which offer prescription drug coverage, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and whether or not you are required to pay a higher premium (a penalty).

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage using funds from their Medicaid and CHIP programs. If you or your children are not eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed, you can contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, you can ask the State if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you are not already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following States, you may be eligible for assistance paying your employer health plan premiums. The following list of States is current as of July 31, 2019. Contact your State for further information on eligibility.

Continuation of Coverage Rights Under COBRA

Under the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), you and your eligible dependents are entitled to continue your group health benefits coverage (medical, dental, vision and HCRA) under the Company Name plan after you have left employment with the agency. If you wish to elect COBRA coverage, you have 60 days from the date you receive your election notice to make an election. You have 45 days after electing coverage to pay the initial premium.

Notice Regarding Wellness Program

The employee wellness program is a voluntary program administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you may be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You may also be asked to complete a biometric screening, which could include a blood test for certain medical conditions such as diabetes, heart disease, etc. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program may qualify for an incentive. Although you are not required to complete a HRA or biometric screening, the wellness program may specify that only employees who do so will qualify for the incentive. Additional incentives may be available for employees who participate in certain health-related activities or achieve certain health outcomes.

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Human Resources.

If you choose to participate in a HRA and/or biometric screening, information from your HRA and results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks and may also be used to offer you services through the wellness program. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information. Although the wellness program may use aggregate information it collects to design a program based on identified health risks in the workplace, the wellness program will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact Human Resources.
